HOLIDAYS TOGETHER... WITH GROUPS OF FAMILIES AND FRIENDS

Welcome to your Inspire Magazine

There's something quietly magical about travelling together- the shared laughter, the spontaneous adventures that become lifelong stories and the simple joy of being fully present with the people who matter most to us.

In a world that moves fast and pulls us in different directions, group holidays are a rare chance to reconnect, strengthening bonds between family and friends while creating memories no photo album can truly capture.

Whether its sun-soaked escapes, a mountain retreat or cultural city-breaks, journeys designed for groups turn time away into something richer: a celebration of celebration of togetherness and discovery.

WHY BOOK A VILLA?

WITH CHRIS MEDDOWS, PRODUCT MANAGER

There's something about villa holidays that I keep coming back to—they just offer a completely different kind of experience. From the moment you arrive, it feels more personal, more relaxed, and far more in tune with how you actually want to spend your time away. Whether it's the space, the privacy, or the freedom to do things your own way, villas tick all the right boxes for me.

These are my top tips and photos from a recent Villa holiday that I took with my family to Majorca:

Space & Privacy

Enjoy your own private space without the crowds of a hotel. Villas give you room to relax, unwind, and truly switch off on your own terms.

Perfect for Groups & Families

Everyone can stay together under one roof, making it ideal for shared experiences. It's easier (and often better value) than booking multiple hotel rooms.

Home Comforts in a Holiday Setting

Fully equipped kitchens, living areas, and private pools create a "home away from home." You get comfort and flexibility without sacrificing the holiday feel.

Freedom & Flexibility

No set meal times or schedules—do what you want, when you want. Whether it's a late breakfast or a midnight swim, the choice is yours.

Better Value for Longer Stays

Villas often become more cost-effective the longer you stay. With shared costs across a group, you can enjoy a premium experience for less per person.

Authentic Local Living

Staying in a villa lets you experience destinations like a local, often in residential or scenic areas. It's a more immersive way to explore culture, food, and surroundings.

Personalised Add-Ons & Services

Many villas offer extras like private chefs, housekeeping, or concierge services. You can tailor the experience to suit your style of holiday, from laid-back to fully serviced.

TOP TIPS FOR TRAVELLING WITH CHILDREN

When flying, pre-book your seats to ensure that you are all seated together

In lots of destinations, you can pre-book items like pushchairs, car seats or travel cots to avoid having to take them with you

Pre-order formula or baby food to pick-up from a shop airside after you have checked in to avoid having to pack it in your luggage allowance

Dummies, bottles or snacks (like gummy sweets for older kids) can help relieve ear pressure if flying

Pack plenty of their favourite snacks to avoid not being able to find what they like when you are away

Invest in a mini-GPS tracing locator to attach to your child's clothing to give you peace of mind

Pack a mini-first aid kit with everything you need
